

## Instruction Videoconference Room – Light control

The light control is operable intuitively.

There are many predefined scenarios (e.g. “all lights on/off”, dimmed/bright presentation mode). To activate these scenarios, press the according button.

Furthermore, you can control the illumination units separately. Therefore you have to press and hold the (-)/(+) buttons to reduce (-) or increase (+) the light intensity.

German	English
(aus) alles (an)	(off) all lights (on)
(gedimmt) Präsentation (hell)	(dimmed) presentation (bright)
(aus) Gang (an)	(off) aisle (on)
(-) Projektionsfläche (+)	(-) Screen (+)
(-) Vordere Tischreihe (+)	(-) front-row (+)
(-) hintere Tischreihe (+)	(-) back-row (+)
(-) alles, außer Gang (+)	(-) all, except aisle (+)
